

The Annual Scientific Meeting of Taiwan Society of Lipids & Atherosclerosis 2009
 And
 The 9th Taipei International Vascular Biology Symposium

Date : 2009/9/26(Sat.)

	Ballroom	Room 101	Room 103	Rest Room
13:00-14:00	Registration			Voting Area
13:30-14:15		Poster Competition	Lipid Management in Taiwan : Current Status and Future Perspectives	
14:15-14:25	<i>Break</i>			
14:25-15:40	TSLA Annual Scientific Session & Molecular Vascular Biology 「 Keynote Lecture 」			
15:40-16:15	「 Special Lecture 」			
16:15-16:20	<i>Coffee Break</i>			
16:20-17:30	Future Perspectives in Adjunctive Antithrombotic Therapy in AMI/ACS	Current Status-of-The-Art of the Medical Treatment for DM	The Leading Edge of Anti-Hypertensive Treatment	

The Annual Scientific Meeting of Taiwan Society of Lipids & Atherosclerosis 2009
 And
 The 9th Taipei International Vascular Biology Symposium

Date : 2009/9/27(Sun.)

	Ballroom	Room 101	Room 103	Rest Room
08:30-09:00	Registration			Voting Area (09:00-14:00)
09:00-10:40	Vascular Biology 「Plenary Session」	Regional Fats and Metabolic Syndrome	Diet and Nutrition in Cardiovascular Health	
			(10:10-10:40) DASH Open Discussion	
10:40-11:00	Coffee Break			
11:00-12:40	(11:00-12:25) Recent Advances in Stem Cell Biology	The Leading Edge of Drug-Eluting Stents : Are There Meaningful Differences?	(11:00-12:30) Residual Risk Reduction in Atherogenic Dyslipidemia Series	
12:40-13:10	<i>The Assembly Member Meeting of Taiwan Society of Lipid Atherosclerosis</i>			
13:10-13:20	Award of Poster Competition			
13:20-14:35	「Special Lecture I /II」			
14:35-14:45	Coffee Break			
14:45-16:15	Debate on “Treatment of Diabetic Patients with Multi-vessel Disease : Is CABG a Standard for Complete Revascularization ? ” <i>-Surgeon’s Perspective</i> <i>- Interventionist’s Perspective</i>	Debate on ” How about lipids in the patients with stroke, the lower the better?” <i>Pros-</i> <i>Cons-</i>	Debate on “Controlling Metabolic Syndrome v.s. Controlling Diabetes in reducing CV risk” <i>Pros-</i> <i>Cons-</i>	
16:15-	公佈選舉結果
